Department of Medical Imaging, Division of Diagnostic Radiology
Schulich School of Medicine & Dentistry, Western University

<u>ACADEMIC POSITION</u> : Body Imaging Radiologist – Two positions available

The Department of Medical Imaging, Division of Diagnostic Radiology, Schulich School of Medicine & Dentistry, at Western University, London Health Sciences Centre and St. Joseph's Health Care is seeking Body Imaging Radiologists for two full-time clinical academic appointments to Western University. Rank (Assistant, Associate or Full Professor) and appointment status (limited term or continuing) will be determined by experience and qualifications at the time of appointment.

The Department of Medical Imaging at Western University is an integrated, wide subspecialty practice across the three Hospital sites: University Hospital (UH) and Victoria Hospital (VH), collectively known as the London Health Sciences Centre (LHSC), and St. Joseph's Health Care London (St. Joseph's). The Department provides multiple regional services to a population of >2M.

There are opportunities for an enthusiastic radiologist to contribute to the integrated, multidisciplinary and collegial Academic Medical Imaging Department in the Body Imaging Division.

Position Profile: The successful candidate will be appointed to a full-time Clinical Academic appointment in the Department of Medical Imaging at the Schulich School of Medicine & Dentistry. The successful candidate will take an active role in the Citywide Body Imaging Subspecialty Division and must be dedicated to outstanding quality in clinical operations, demonstrate leadership, teaching and/or research abilities. The successful candidate will have completed fellowship in Body Imaging Radiology, must have an interest in academic radiology and will need to be committed to outstanding quality in clinical operations including patient care, teaching and research. The academic component of this position is predominately located at LHSC – (one position at University Hospital; one position at Victoria Hospital) and the Schulich School of Medicine & Dentistry. One day of protected academic time to support research and teaching is provided. Consideration of applicants will include an assessment of previous performance, qualifications which go beyond the requirements for the position, and experience.

Body Imaging: Division Head – Zahra Kassam (Zahra.Kassam@sjhc.london.on.ca)

The successful candidate will join a division of 3 dedicated Body Imaging radiologists. The successful candidate will need to demonstrate successful team building skills in addition to the advanced diagnostic and interventional skills required for this position. There are excellent established collaborations across all affiliated Body Imaging disciplines with frequent participation in multi-disciplinary rounds and a full complement of diagnostic and interventional procedures.

Infrastructure: City wide fleet replacement with state-of-the-art Computed Tomography (six Aquilion ONE 320 Genesis Edition, and one Aquilion Prime), Magnetic Resonance Imaging (three 3.0T, and three 1.5T), interventional angiography suites (three biplane and four single plane units) and Ultrasound units in combination with strong Industry Academic partnerships will strengthen the academic mission.

Qualifications: The successful candidate will hold certification in Diagnostic Radiology with the Royal College of Physicians and Surgeons of Canada or international equivalent and will need to meet the credentialing requirements of LHSC and St. Joseph's. Candidates must have an MD, or equivalent, and must be eligible for licensure in the province of Ontario. Subspecialty Fellowship training in Body Imaging is required. Additional subspecialty expertise in another area will be a distinct advantage. The successful candidate will be a self-starter, team player and be willing to participate in all aspects of academic imaging and intervention including on call duties as required by the Chair/Chief of the Department.

London Health Sciences Centre (LHSC) One of Canada's largest acute care teaching hospitals, LHSC is dedicated to
