The Department is very active in adolescents and the provision of Cardiovascular Surgery and Interventional Cardiology at SickKids in Toronto.

Candidates for this position must have an MD or equivalent degree and must be eligible for licensing in the Province of Ontario. Subspecialty certification in Paediatric Cardiology from the Royal College of Physicians and Surgeons of Canada or equivalent is required. The ideal candidate would be an experienced academic with a demonstrated track record in research. The successful candidate will hold a full—time Limited Term Clinical Academic appointment at the rank of Assistant Professor, or a Continuing Cl—inical Academic appointment at the rank of Associate Professor or Professor—, depending upon qualifications and experience at the time of appointment. Successful candidates will have a keen interest in academic medicine, the ability to collaborate effectively with all other members of the health care team and office staff, and will be expected to participate in team-based health care and teaching, both at the undergraduate and postgraduate levels.

Western University delivers an academic experience second to none. Western challenges the best and brightest faculty, staff and students to commit to the highest global standards. Our research excellence expands knowledge and drives discovery with real-world approximation of the state to a state

_

Compensation for this position will be commensurate with qualifications and experience, and will be primarily composed of an alternative funding plan and academic salary.

The anticipated start date for the position is September 1, 2024, although an alternate start date may be negotiated.

Interested candidates should submit a letter of interest, including curriculum vitae and names and contact information of three references to:
