

Division of General Adult Psychiatry, Department of Psychiatry  
Schulich School of Medicine & Dentistry, Western University  
London Health Sciences Centre  
St. Joseph's Health Care London

The Department of Psychiatry, Schulich School of Medicine & Dentistry, is inviting applications ) within the division of General Adult Psychiatry in our affiliated teaching hospitals, London Health Sciences Centre and St. Joseph's Health Care London. The Department seeks colleagues who are interested in being part of a dynamic team and committed to providing evidence-informed, compassionate clinical care.

The successful candidate will serve as a role model and supervisor for our undergraduate medical students, psychiatry residents, and clinical research fellows. The candidate must have a strong academic background and a keen interest in academic medicine, demonstrated scholarly productivity and the ability to collaborate effectively with all members of the health care team and office administration staff. Consideration of applicants will include an assessment of previous performance in teaching, research, health care leadership, qualifications (including subspecialty and enhanced training), experience and interpersonal skills. Candidates that have demonstrated ability in the identified area of opportunity will be given priority. Successful candidates seeking research careers must have a record of productivity, which can be demonstrated through a strong physical record. The candidate must be physically located within LHSC. It provides local and regional care for children and adolescents with acute and more persilyilyshare a rich tradition of strong and close collaboration.

Western University provides an outstanding educational experience within a research-intensive environment. The University has a full-time enrolment of about 34,000 students with a full range of academic and professional programs. Established in 1881, the Schulich School of Medicine & Dentistry, one of the founding schools of Western University, has educated generations of physicians, dentists, scholars and scientists whose collective work has transformed the practice of medicine and dentistry both nationally and globally.

The City of London has a growing population of approximately 500,000 with a diverse cultural mix and the hospitals serve a region of two million. London is safe, family-oriented, affordable and located in the heart of the beautiful Great Lakes region. It is known as the "Forest City", due to its plethora of trees. The center of London is graced by the Thames River with nearly 43 kilometers of bicycle trails hugging the riverbanks
