

international collaborations. They should be committed to the principles of Equity, Diversity, and Inclusion (EDI), and Decolonization in their professional practice.

The candidate will be expected to lead a world-class research program with robust external funding and to teach undergraduate and graduate courses within the Civil and Environmental Engineering program. In addition, the candidate will be expected to supervise graduate students and participate in other educational and professional activities including administrative activities of the Department, Faculty and University. The ability to become eligible for registration as a Professional Engineer in Ontario is required for this appointment.

Western University delivers an academic experience second to none. Western challenges the best and brightest faculty, staff, and students to commit to the highest global standards. Our research excellence expands knowledge and drives discovery with real application. Western attracts individuals with a broad worldview, seeking to study, influence and lead in the international community. Since 1878, The Western Experience has combined academic excellence with lifelong opportunities for intellectual, social, and cultural growth in order to better serve our communities. Western University has a total enrollment of about 32,000 students in a range of academic and professional programs. Further information about Western can be found at <http://www.uwo.ca>, the Faculty of Engineering at <http://www.eng.uwo.ca/>, the Department of Civil and Environmental Engineering at <http://www.eng.uwo.ca/civil/>. Western Engineering's Mission, Vision and Values can be found at <https://www.eng.uwo.ca/files/departments/humanresources/valuesmissionstatement.pdf>. Western's Recruitment & Retention Office is available to assist in the transition of successful applicants and their families.
