## Department of Chemistry

Canada Research Chair Tier I in Interfacial and Applied Surface Science

The Department of Chemistry at The University of Western Ontario (<a href="www.uwo.ca/chem">www.uwo.ca/chem</a>) is pleased to announce a search for a Canada Research Chair Tier I in Interfacial and Applied Surface Science to be appointed to a tenured position at the rank of Associate Professor or Professor. The rank will be commensurate with the successful applica Q W ¶ V T X D O L I L F D W L R Q V D Q G H [S H U L H Q F H

In accordance with the regulations set for Tier I Canada Research Chairs (<a href="www.chairs-chaires.gc.ca/">www.chairs-chaires.gc.ca/</a> the successful candidate will be an outstanding and innovative researcher. The candidate must have a Ph.D. in Chemistry, or related field, and a demonstrated record of independent research accomplishments. Candidates should be recognized internationally as leaders in interfacial and surface science, as evidenced by publications in top tier international journals and other accolades such as active membership on advisory boards, international panels, editorship on major journals or a record as a keynote presenter at national and international conferences. A demonstrated success in attracting external funding, especially through large, multidisciplinary team-based projects is essential. The successful candidate should also have a superior record of attracting and supervising graduate students and postdoctoral fellows, and providing leadership in research and interdisciplinary scholarship.

At Western, the successful chair holder is expected to provide leadership, collegiality and strategic vision through collaboration with existing Chemistry faculty members and to build links between the
