### Course Policies

I like students to think about the class as a COMMUNITY. The class is a place for dialogue and mutual understanding. My goal is to continue to challenge students to think critically about the various social, cultural, historical managerial approaches to understanding sport, recreation, leisure, health, and physical activity. As such, my expectation is that students respect the community and all members of this community to promote a mutually beneficial learning environment.

1. Lateness/Absence Assignments are due at the beginning of class (8:30am) on the assigned due date and will not be accepted late except under medical or other compassionate circumstances. Electronic submission of assignments will not be accepted (unless otherwise specified) under any circumstances. Submitting a late assignment without appropriate documentation will result in a zero (0) grade. Appropriate documentation for assignments worth less than 10% should be submitted to the instructor. A missed midterm examination without appropriate documentation will result in a zero (0) grade. The course policy is not to make ups for scheduled midterms, presentations or final exams, nor to assign a grade of Incomplete without acceptable and verifiable medical (or equivalent compassionate) reasons. Acceptable reasons might include hospital stays, serious illness, family emergencies (like serious accidents or illness, death) or similar circumstances. Written documentation stating specific reasons and dates is required. All such documentation is submitted by the student directly to the Dean of the Faculty Health Sciences Office and not to the instructor together with a request for relief specifying the nature of the accommodation being requested. These documents will be held in the student's file, and will be held in confidence in accordance with the University's Official Student Record Information Privacy Policy. See <https://studentservices.uwo.ca/secure/index.cfm> for specific policy and forms relating to accommodation.

2. Where possible assignment objectives and rubrics will be posted on OWL. Should you have a concern regarding the grade you received for an assignment that it is unfair in any way you must wait 24 hours from the receipt of the assignment before approaching the instructor. If you are doing so, please make an appointment and prepare in writing, with evidence, why

4. Students must write their essays and assignments in their own words. Whenever students take an idea, or a passage from another author, they must acknowledge their debt both by using quotation marks where appropriate and by proper referencing such as citations. Plagiarism is a major academic offence (see Scholastic Offence Policy in the Western Academic Calendar). All required papers might be subject to submission for textual similarity review to the commercial plagiarism detection software licensed to the University for the detection of plagiarism. All papers submitted for such checking will be included as source documents in the reference database for the purpose of detecting plagiarism of papers subsequently submitted to the system. Use of the service is subject to the licensing agreement, currently between The University of Western Ontario and Turnitin.com (<http://www.turnitin.com>)

5. Formatting: APA style is the approved style of writing for all assignments produced for this course. Please refer to the University of Western Ontario Library webpage for information on citation style and format or consult the APA publication manual.
