A gross anatomical description of systemic structure and function of the human body, with

Course Contact

What if I have a question about the course or content?

Your Lab TA is your first point of contact. You will be seeing them weekly, and this will allow for quick and easy communication for all 900+ students enrolled in this course.

You are also encouraged to provide feedback weekly on how the course is going, and any content related questions you have. Based on your feedback, every week I will create a short bonus video clarifying challenging content, and addressing questions posed. This will be available by Tuesday at noon. Please complete the weekly survey posted as a link on OWL. Chances are that if you have a question, someone else does too. This will allow us to quickly address your question and ensure that everyone can benefit from the answers.

I have sensitive information (including academic accommodations) I need to address:

Please contact the instructors, Dr. Brewer-Deluce (danielle.brewer-deluce@uwo.ca) or Dr. Wood (katelyn.wood@uwo.ca) directly. We're very happy to work w1UH

9	Mar 8-12	LL	Lower Limb 1: Hip to Knee	11.S-T, 11.22, 9D, 9E, 9.12, 9.13
---	----------	----	---------------------------	-----------------------------------

Course Evaluation

Evaluation in this course will be divided across 3 areas. Please note these are subject to change up until the start of the course.

1) Midterm and Final exams (2) 70% total

All exams in this course are cumulative.

Midterm 1: Intro to Anatomy, Bones Joints + Cartilage, Intro to Neuro + PNS, ANS and Brachial Plexus, Motor Units + Compartments (35%)

Final Exam: Midterm 2 content + Upper Limb, Lower Limb, Trunk & Cardioresp (35%)

Further details will be provided at the start of the course.

2) Weekly Quizzes (4) 5% each. Total of 20%

15 MCQ quiz, at the end of each unit on Owl. Due 4pm on Friday afternoons, though open for 48 hours prior

There will be 5 in total, only your top 4 scores will be included. This means that you can miss one quiz without penalty. This will include any quiz missed for academic accommodation

Dates:

- i. Unit 1: Intro – Jan 27 -29
- ii. Unit 2: Neuro – Feb 10-12
- iii. Unit 3: Upper Limb (UL) - Mar 10 - 12
- iv. Unit 4: Lower Limb (LL) + Trunk - March 31 – April 2
- v. Unit 5: Cardioresp - April 10-12*

3) Participation on WileyPLUS Adaptive Practice - 10%

counselor) as soon as possible (see university policies below for further instruction). You must contact us, your course instructors, to let us know that you have missed the exam. **There will be NO make-up exam for the midterm.** If approved, course weighting for the midterm exam (35%) will be reassigned to the final exam. The final written makeup examinations may consist of short and long answer questions, case studies and/or image-based questions based on anatomical and clinical material from lectures.

Copyrighted Material:

Lectures and practice resources are intellectual property and are copyrighted by Western University. They are not to be uploaded on sites like CourseHero or other similar study resource sites. Copyright infringement and takedown requests will be filed if you upload these resources. You are not permitted to make audio or video recordings of class or laboratory presentations, without specific written authorization of the course instructor. Similarly, you may not reproduce or distribute any materials that are provided to you by the course instructor, unless you receive specific written authorization to do so. Violation of this course policy will be evaluated as per the Student Code of Conduct, available here: <http://www.uwo.ca/univsec/pdf/board/code.pdf>

How to Succeed in this Course (and others!)

As a university student, you are responsible for your learning – but that doesn't mean you are on your own! There are an incredible amount of resources and support available to you throughout your studies. Still, a major hurdle students experience is not knowing how to time manage or study effectively – here's some resources & tips to get you started:

Studying Effectively:

Students who are in emotional/mental distress should refer to Mental Health@Western (<http://www.health.uwo.ca/>) for a complete list of options about how to obtain help.

5. Support Services:

7. **Examination Conflicts:** A student with examinations having flexible submission times (e.g., where one or more examination is a take-home examination) cannot request alternative arrangements unless a conflict cannot be avoided by rescheduling writing the exam to a different time within the window specified by the instructor. This applies to direct conflicts as well as “heavy load” conflicts (e.g., three exams within a 23-hour period). The student should discuss any concerns about a potential conflict and/or request accommodation with their academic counselling unit prior to the deadline to drop a course without academic penalty

In the case of online examinations, an “Examination Conflict Room,” which may be assigned when a student is scheduled to write two proctored exams concurrently, will be interpreted as arrangements for continuous proctoring.

8. **Grades:** Where possible assignment objectives and rubrics will be posted on OWL. Should you have a concern regarding the grade you received for an assignment or feel that it is unfair in any way, you must wait 24 hours from the receipt of the assignment to approach the instructor or TA. In doing so, please make an appointment and prepare in writing, with evidence, why you feel your grade is inappropriate. Please be aware that in requesting a grade reassessment, your grade could go up/down/or stay the same. Note that calculations errors (which do occur!) should be brought to my attention immediately.

At least three days prior to the deadline for withdrawal from a 1000- or 2000-level course without academic penalty, students will receive assessment of work accounting for at least 15% of the final grade.
