

Learning Objectives

Objective	Learning Resources	Evidence (Evaluation)	Validation
<i>What do you want to learn or develop?</i>	<i>How are you going to learn it? - Techniques and tools</i>	<i>What evaluation method? Who will evaluate it?</i>	<i>What are the criteria to prove you learned it?</i>

Learning Objectives Evaluation Guide

Some questions which may assist the student, peer consultant, and preceptors in reviewing and testing the adequacy of the Learning Objectives.

a) Concerning the competencies and Performance Objectives

Are the student's objectives congruent with the university's and facility's performance objectives?

Do the objectives address those performance objectives identified by the school as being appropriate and considered feasible by the facility?

b) Concerning the Learning Strategies and Resources:
