Email: lmetsela@uwo.ca

Phone: 519-661-2111 ext. 88959

NOTE: All course information including grades, assignment outlines, deadlines, etc. are available via OWL. Check the website regularly for course announcements.

Calendar Course Description (including prerequisites/anti-requisites):

This course provides students with preparatory workshops and an applied professional learning experience for a period of 8-16 months at a sponsoring agency approved by the Faculty of Health Sciences. Using an application/interview process, selected students will be entered into the course once hired by external employers.

Prerequisite(s): Completion of 2nd year in the School of Health Studies with a minimum average of 70%, and participation in Preparation and Training Workshops; approval of, and acceptance into, an internship work term and permission from the Faculty of Health Sciences.

Antirequisite(s): Kinesiology 3890.

Extra Information: Pass/Fail. 1.0 course.

Credit for this course will not be given unless a minimum 8-month internship and all other mandatory components have been completed. This course may not be used as a substitute for any other course in the School of Health Studies. On successful completion, credit for the course will be given in the year in which initial registration in the course took place.

You are responsible for ensuring that you have successfully completed all course pre-requisites, and that you have not taken an anti-requisite course.

Unless you have either the requisites for this course or written special permission from your Dean to enroll in it, you may be removed from this course and it will be deleted from your record. This decision may not be appealed. You will receive no adjustment to your fees in the event that you are dropped from a course for failing to have the necessary prerequisites.

NOTE: If you wish to enroll in this course without the stated pre-requisite(s), you must obtain written approval from the course instructor. The approval should then be forwarded to your academic counsellor.

General Learning Outcomes:

Upon successful completion of the Health Studies internship, the student will be able to:

- Understand how knowledge and skills gained through their academic program of study can be applied within a professional workplace environment.
- Understand and apply the ethical codes of conduct and professional obligations that govern professional practice and research in the health sciences

2. **Health and Wellness:**

Information regarding health and wellness-related services available to students may be found at <http://www.health.uwo.ca/>.

Students who are in emotional/mental distress should refer to Mental Health@Western (<http://www.health.uwo.ca/>) for a complete list of options about how to obtain help.

3. **Support Services**

There are various support services around campus, and these include, but are not limited to:

1. Student Development Centre -- [HEALTHSCI 3990 2021-2022](http://www.s-0.00pi-5.8 (:)-5 (au)5.6 (w)-10.3 (o)-5.8 (.c11.6 (n)-5 (a)-5.8 (/.-0.</div><div data-bbox=)
