Distance learning can only work if students live by the same ethics online as on campus. By registering in this online course, you are agreeing to the *University of Western Ontario Code of Student Conduct* (<http://www.uwo.ca/univsec/pdf/board/code.pdf>) and the *Scholastic Discipline For Undergraduate Students* (<http://www.westerncalendar.uwo.ca/2016/pg113.html>).

Ultimately, each student is responsible for his or her learning achievements, and this is why we trust that you will take online examinations as you would on campus, and this includes explicitly **bch`gYY_]b [` c i hg]XY`** help (human, printed, software, web, etc.) when no indications otherwise permit you to do so.

Some online tests are metered and cannot be interrupted, so make sure to have a **e i]Yh`** environment. Turn your **d\cbY`cZ**, as well as all messaging or email software that could distract you with noises or **dcd! i d`** windows.

To avoid possible software glitches, before taking a test online, it is advisable to **fYghUfh`mc if` Wc a d i hYf`** and launch only one browser application, with only one window open, and leave **bc`ch\Yf` dfc [fU ag`f i bb]b [`** in the background.

At the end, make sure you save all your answers before you submit for grading.

Technical difficulties are **bch`** considered grounds for late or absent submissions. Technical difficulties include: French keyboard issues, audio, video, lost data, internet connection, bottlenecks on busy network, etc. Since these do happen, please **bY jYf` kU]h`hc`h\Y` `Ugh` a c a Ybh`hc` Wc a d`YhY` kcf`_ cb`]bY`**.

If you do not receive an automatic confirmation such as "your work has been submitted successfully" after submitting an assignment, or if for any reason you are not sure your work was submitted properly, it is your responsibility to contact the Instructor within 12 hours by email and explain your concern or technical difficulty. Across the Arts and Humanities programs, we strive to maintain high standards that reflect the effort that both students and faculty put into the teaching and learning experience during this course. All students will be treated equally and evaluated based only on their actual achievement. **Final grades** on this course, irrespective of the number of decimal places used in marking individual assignments and tests, will be calculated to one decimal place and rounded to the nearest integer, e.g., 74.4 becomes 74, and 74.5 becomes 75. Marks WILL NOT be bumped to the next grade or GPA, e.g. a 79 will NOT be bumped up to an 80, an 84 WILL NOT be bumped up to an 85, etc. The mark attained is the mark you achieved, and the mark assigned; requests for mark “bumping” will be denied.'
