

Midterms or Tests

Tuesday, February 13, 2018, 7:00 PM 9:00 PM

Final Exam

TBA

Evaluation

5% Assignment 1
30% Midterm
5% Assignment 2
5% Assignment 3
5% Assignment 4
50% Final Exam

The final exam will cover the entire course but with greater emphasis on the topics taught after the midterm.

What is expected of the student: Students are responsible for learning the material presented in lectures, for learning how to solve the suggested exercises, and for demonstrating that learning on exams, quizzes, and/or assignments. For each hour of lecture, an average student should spend about 2 hours studying the material at home. This includes reading the relevant sections of the textbook and, above all, doing the exercises at the end of each section. Do as many of them as necessary to feel comfortable with the material. This course covers a lot of material, and is cumulative, so it will be necessary to work **regularly** throughout the term to do well.

Remember: You understand the material if you can answer questions about it that you have not seen before. For this, it is important to understand the concepts. Remembering all the formulas is not enough. In particular, it is expected that you learn and remember the definitions and the statements of the theorems, and that you can provide examples of each concepts presented in class.

Medical Excuse Regulations: If you are unable to meet a course requirement due to illness or other serious circumstances, you must provide valid medical or other supporting documentation to

responsibility to make alternative arrangements with their instructor once the accommodation has been approved and the instructor has been informed. In the event of a missed final exam, a

immediately. For further information please see:
